

## **BROKEN LOVE**

**I can't live with a broken love  
I can't live with a broken love  
I can't push and I can't shove  
I can't live with a broken love**

**I need you too much, I need you too much**

**I can't be what I am not  
I can't be what I am not  
I can't lose what I ain't got  
I can't be what I am not**

**I need you too much, I need you too much**

**I live to leave you satisfied  
I live to leave you satisfied  
Without your love I'd surely die  
I live to leave you satisfied**

**I need you too much, I need you too much**

**I can't be what I am not  
I can't be what I am not  
I can't lose what I ain't got  
I can't be what I am not**

**I need you too much, I need you too much**

**I can't live with a broken love  
I can't live with a broken love  
I can't push and I can't shove  
I can't live with a broken love**
