

ENDLESS DREAM

**Saint Anastasia can you tell me why
The things we love always pass on by
The years go by and feelings stray
Loved ones lost start to fade away**

**Father tell me how does it seem
Was it like waking from an endless dream
Do things once normal seem surreal
Can you tell the way I feel**

**Do you know the answers
Is it clear to you
Can you understand the things we do**

**The time for you has come and gone
But your sweet memory still lingers on
You're in my soul and in my heart
I knew your love would never part**

**Father tell me how does it seem
Was it like waking from an endless dream
Do things once normal seem surreal
Can you tell the way I feel**
