

HUMAN WRECK

**All hands on deck
Here comes the human wreck
She's been adrift sea
For an eternity**

**Always had to do it alone
Always been on her own
She let her bridges burn
She never seemed to learn**

**All hands on deck
Here comes the human wreck
She's been adrift sea
For an eternity**

**All hands on deck
Here comes another human wreck
He's a 62 Rambler
A longshot gambler**

**He's got his foot on the pedal
And a wheel in the ditch
Just a lovable loser
Another son of a bitch**

**All hands on deck
Here comes another human wreck
He's a 62 Rambler
A longshot gambler**

**All hands on deck
Here comes another human wreck**
