

## **LIONHEARTED**

**There were times that I tried  
There were times that I lied  
They've been times  
that I wished it was me  
Instead of you  
Who died...**

**No, that's not true  
Even after all I've been through  
I've been down  
But I'm glad  
That I stuck around  
I just wish  
You could see  
That I tried...**

**To take it all in stride  
I tried  
And I did  
So to speak  
'Cause the lionhearted  
Can't be weak**
