

NATURAL SELECTION

**Here comes my sob story
I'll make it eloquent
And by the time I'm finished
You'll wonder where I went (2x)**

**I was born strong and able
But Momma, she raised a Cain
Even God can screw up one time
But then He ain't gonna do it again (2x)**

**Some men need a Junior
To help fulfill their dreams
But freaks like us ain't like that
Or at least that's how it seems (2x)**

**I ain't got no Daddy
Ain't gonna be no Daddy neither
But that's okay, don't forget I'm the kinda guy's
Tried heroin and ether (2x)**

**It's just Nature's way
Separating wheat from chaff
If it don't break your heart
Gotta make you laugh**

**Raised by a pack of women
To be a good little Christian boy
I ended up a straight shooter
Got my Dale and I'm her Roy (2x)**

**So Happy Trails to you
'Till we meet again
I'll be riding off into my sunset
With just my lover and best friend (2x)**
