

ORDINARY PEOPLE

**I come from ordinary people
I've had an ordinary life
I am an ordinary person
I've suffered ordinary strife**

**I've been defeated by my enemies
I've been defeated by my friends
I've been defeated by the means
I've been defeated by the ends**

**I ain't getting over nothing
I ain't getting over you
I ain't getting any younger
I ain't finding nothing true**

**I'm sorry I've been selfish
I'm sorry I never cared
I'm sorry for all the time I've wasted
I'm sorry I never dared**

**I've been defeated by my enemies
I've been defeated by my friends
I've been defeated by the means
I've been defeated by the ends**

**I come from ordinary people
I've had an ordinary life
I am an ordinary person
I've suffered ordinary strife**
