

SUNSHOWERS

**The sun is up
But the rain comes down
Why am I always
Under this cloud**

**The wind is blowing
But I can't feel the breeze
I can't feel a thing
When I'm down on my knees**

**Sunshowers... raining down on me
Sunshowers... please set me free**

**She gets far-away eyes
And the river gets wide
She's almost across now
And I'm still on the side**

**The sun is shining
But I'm soaking wet
I'm broken hearted
But I got no regrets**

**Sunshowers... raining down on me
Sunshowers... please set me free**

**The sun is up
But the rain comes down
Why am I always
Under this cloud**
