

TEXARKANA

**I'm goin' back to Texarkana
Where all the Tuesdays are Fat
Abe's still howlin' at the moon
And the moment is where it's at
I'm goin' back to Texarkana
In a dream that's where I live
T-Bone serenades my Momma
And there's nothing I wouldn't give to be...**

**Back in Texarkana
Mark Lee's still driving that train
Back in Texarkana
The Doctor's makin' sure everybody's insane
Back in Texarkana
Everything was still in reach
Back in Texarkana
We still practiced what we preached**

**Alene is lighting up the room,
Jill's got the bar
Abe's beaming out on the floor
Suzannah, his little shining star
Don't interrupt the man when he's on a roll
That would be rude and that ain't right
Just bask in the mood, smell that food,
Have a drink and think, "Tonight's gonna be the night!"**

**Back in Texarkana
Everything was still in reach
Back in Texarkana
We still practiced what we preached**
