

THE STATION

**Found ourselves down at the station
Decided we might as well go inside**

**We were either departing or tryin to arrive
I didn't care just as long as you were there by my side**

**Stood at the counter, cash in my hand
You said, Babe, you sure you wanna take this ride?**

**We've been travlin' forever tryin' to get somewhere
Can't help feelin' your stuck in a power slide**

**You keep sayin' you're gonna do better
You said, Nothin to worry about Baby... but you lied
You lied...**

**Can 't walk on water but I should be able to
Cause I seem to float on all these tears we cried**

**Been walkin around with my head hung low
My feet been draggin and babe I'm mystified**

**We left Texarkana with our hearts on fire
But we can't go back and babe it's cold inside**

**Can't count on the future or live in the past
Just a fact I learned back when my Daddy died**

**But I won't give up dreamin' these dreams of mine
Gonna go down swingin, least I'll know I tried
I tried...**

THE STATION (cont.)

**Words can hurt but words can help you heal
Love strong as ours ain't gonna drift off with the tide**

**The numbers are set, this ain't no roll of the dice
Babe, I'm betting on you, just gonna let it ride**

**Cause we can play it safe or we can compromise
We can burn in hell or be vilified**

**Another trains left the station, destination unknown
We got a lot to accomplish, maybe it's time we really tried**

**I'll handle my demons, you remember your dreams
And maybe together we'll end up satisfied
Satisfied...**

**Found ourselves down at the station
Tryin to find a place to hide**

**But the train won't stop, won't even slow down
Seems like time is stronger than love and pride**

**Well let's watch it roll, roll on outta here
Ain't no one can say we've never tried**

**Stood at the counter, dropped the cash in my hand
I didn't care just as long as you were there by my side**

**When I told you I loved you, said it was forever
I meant what I said, trust me babe, I never lied
Never lied...**
