

## **THURSDAY'S BABY**

**Woke up this morning, Felt so bad  
Thought I'd just phone it in**

**Another wasted day, Wouldn't be so bad  
I mean it wouldn't be a sin**

**Picked up the receiver but I'd been disconnected  
You don't pay your dues  
You're calls gonna be neglected**

**You can tell me where you're going  
I'll tell you where I been  
Does it really matter  
If the line we walk is thin?**

**They say a man's sorrow  
Fades away with time  
I must be doing something wrong  
Cause I still got mine**

**Momma always said she must be,  
Wednesday's child  
Cause "Wednesday's child is full of woe"**

**Guess that make's me,  
Thursday's baby  
I've got so far to go**

**Woke up this morning, Felt so bad  
Thought I'd just phone it in**

**Picked up the receiver but I'd been disconnected  
Don't pay your dues  
You're gonna be rejected**

**They say a man's sorrow  
Fades away with time  
I must be doing something wrong  
Cause I still got mine**
