

VALENTINE'S DAY

**I don't have a dozen roses
I don't have no French champagne
All I have for you my darlin'
Is all my love and half my pain**

**I don't know just why you love me
I don't know why the sky's so blue
All I know is you're my baby
And nothing else will ever do**

**All I really want to tell you
All I really want to say
Is everyday that I'm with you girl
Is Valentine's Day**

**You were born to fascinate me
You were born to be my bride
I was meant to make you happy
But my shot's have been a little wide**

**I don't have a dozen roses
I don't have no French champagne
All I have for you my darlin'
Is all my love and half my pain**

**All I really want to tell you
All I really want to say
Is everyday that I'm with you girl
Is Valentine's Day**

**I don't have a dozen roses
I don't have no French champagne
All I have for you my darlin'
Is all my love and half my pain**
