

WITNESS

**Can I get a witness?
Tell me I was there
Somebody to testify
Somebody who cares**

**Can I get another shot?
You see, I wasn't quite aware
Things happened too quickly
I'll do better next time... I swear**

**Can I get a witness?
I guess I still got something to prove
Someone take a picture
I promise I won't move**

**Can I get another chance?
To trip that light fantastic
Let me glide elegantly through life
'Steady flailing like a spastic**

**Can I get a witness?
Tell me I was there
Somebody to testify
Somebody who cares**
